Assignment: Photoshop Montage

Assignment Value (50 points) _____ / 50

Create a Montage

- Use 4+ images and text in Photoshop to create a montage (A single pictorial composition made by juxtaposing or superimposing many pictures or designs.) about yourself, a friend, hobby, favorite place to visit....

EXAMPLE: for the background image use an image of somewhere you have been or dream of going. Include yourself as one of the images and two other images that relate back to your topic. ***THIS IS NO DIFFERENT FROM ANY OTHER DESIGN PROJECT, BRAINSTORM AND PROCESS FIRST, I WILL NEED TO SEE THIS!***

(10 points) _____ / 10

This image will ultimately be used for PRINT purposes (CMYK) and needs to be proportional to 8.5 x 11 (letter sized) and will need to be of great resolution, remember 150-300 DPI, full bleeds ***REMEMBER WEB IMAGES ARE USUALLY ONLY GOING TO BE 72DPI and RGB / you will need to convert!***

(10 points) _____ / 10
