

Assignment: Poly Portrait

Log onto: FairmontDigitalDesign.com

Name _____

Date _____

Period _____

Point Value (100 points)

Individually you will be responsible to capture, format, create and manage a Low Polygon Portrait of yourself in Adobe Illustrator. The Project will give us a workable knowledge of various AI tools and re-enforce the importance of layers, guides, rule of thirds and page document setup in developing this project. We will also focus on Output of our completed artwork for multiple purposes.

SPECS TO FOLLOW:

Rule of Thirds (Capture an image of yourself using the rule of thirds while displaying your personality, the color mode needs to be manipulated in Photoshop for print purposes, Design Process FIRST and HAVE A PLAN!!!) _____ / 20

Final Size (Letter or Tabloid Size for output, Saved as a JPG for presentation in designated Folder) _____ / 20

File Management (Management of Layers, Artwork, and connecting files via our network, no less than 150 polygons to be used, strong use of Illustrator Skills toward completion, including grid and guides) _____ / 20

Final Design Concept (Design your Document, NO Floating Heads Please, Be Creative, how could you use this as an Advertisement, Statement Piece, Self Promotion?) _____ / 20

Presentation (Tell us about your design concept and process, SPEAK AS A DESIGNER) _____ / 20

PS: Thank you all for being a wonderful JUNIOR class for me. I know I have continued to grow and learn as a teacher and know I have a long way to go but I truly could not do it without such a wonderful group of young men and women. I will cherish the next two months together!

- Mr. Parker

DUE: April 14...
