Final Assignment: *Thank You!*

Thank You! - First, let me tell you how much I have enjoyed sharing 4 years of teaching with YOU, My First Full Class, that I will see progress through our Digital Design Program, from Basic Computer Graphics to Seniors that I am extremely proud of! I will absolutely never forget any of you or the array of personalities the 2017 Digital Design Graduating Class carries with it. I realize, our classroom, procedures, my personality and my delivery as a teacher are unique at times but I thank you from the bottom of my heart for believing in me, trusting in me, sticking with me and becoming the successes you have this year! You have all surprised me, made me proud, opened my heart, challenged me to find different ways, and have helped me to develop as a teacher, I CAN NOT express how appreciative I am for your efforts throughout the past few years, I am TRULY THANKFUL that you are now all part of my life!

Secondly, there may not be an easier way to lift a person's emotions and show gratitude than a simple THANK YOU....please remember that as you move on from here! It will become more and more important to send a thank you for little things in life, BIG things in life and it is a gesture that is as important as any professional accolades you may enjoy. A thank you will "open doors," show your integrity as a person and let a people around you know who they are investing in!

My last "assignment" for you this year is to think about and give a Thank You to someone this week! Whether that be a sibling, teacher, parent, friend, mentor, coach, yourself? We have a skill-set as designers to create a custom (from the heart, visually and emotionally) expression to those around us! Spend some time thinking, brainstorming and sketching about the last 12-13 years of your education, devise a design you see fitting to Thank an individual who helped you reach the place you are now in your life and THANK them, you are SENIORS and almost at the finish line, soak in this week because you will never experience this again! _____ / 25

Lastly, Have a fun, safe and wonderful summer! I am so proud of each and every one of you. I truly cannot wait to see the amazing people you become or the wonderful things you do.

Your Proud Instructor
Mr. Jared Parker :)
