DIGITAL DESIGN

Course Syllabus

Course Description and Objectives

Program will focus on the creation, design and execution of layouts and illustrations using various mediums including electronic media, drawing, industry related theories and processes.. Communications, business principles and leadership skill development related to the industry are essential to the program. Specialization areas include commercial art and graphic occupations. All students will be introduced to digital photography, basic drawing, industry standards, layout, desktop publishing and photo manipulation. Pre-press and press operations will be introduced as well as supporting processes. Multi-media and interactive media programs will be examined and utilized.

Mr. Parker, Instructor
Kettering Fairmont High School
3301 Shroyer Road

KETTERING FAIRMONT HIGH SCHOOL

ASSERTIVE EDUCATION CLASSROOM PLAN
- DIGITAL DESIGN / MR. PARKER -

I. CLASSROOM RULES

1. All students must be in class on time.
2. All students must be prepared with proper materials for class.
3. At the end of class, all students must remain in their seats until dismissed by the Teacher
4. All students must follow directions given by the Teacher.
5. All students must respect classroom equipment and rights of others.

II. CONSEQUENCES IF YOU CHOOSE TO BREAK THE ABOVE RULES

1. 1st Offense - Warning
2. 2nd - Detention 15 Minutes
3. 3rd - Detention 30 Minutes
4. Referral to Unit Office
5. Removal from Class

* Severe Clause: Initial steps will be eliminated in cases of repeated violation and/or severe misbehavior. In cases of repeated minor violations, parents will be contacted.

III. POSITIVE REINFORCEMENT PLAN

1. Individual and Class Reward
2. Field Trip, Post Secondary and Career Exploration
3. Team Building Activities / Out of Classroom Privelages

Teacher _____ Approved by _____

We offer a two year program for Juniors and Seniors seeking a career in Arts/Visual Communication, a variety of career pathways will be explored while the student garners the essential skills to become an employable individual moving into a career or transitioning to higher education.

Ohio Department of Education Arts and Communication Unit Standards

Strand 1: Business Operations/21st Century

Strand 2: Design

Strand 3: Written Content Creation

Strand 4: Audio, Video and Photo Imaging

Strand 5: Print Production Process

Strand 6: Digital Design

Rules, Procedures and Expectations

Be Respectful: Be respectful to everyone and their ideas. Respect all class materials and equipment.
Be Responsible: Be academically responsible, be on time and diligent in study. Enter class on time and prepared and ready to learn. Bring all materials needed for class each day.
Be Engaged: Participate in class, work cooperatively with class members and be attentive to teacher instruction.

Follow all Rules and Consequences as stated in our Student and Faculty Handbooks! - See Computer Usage

Procedures
1. Bell work
2. Instruction, discussion or activity - pay attention, be respectful, be engaged
3. Cell Phones, will be off and away during instruction - ONE WARNING
4. First, Last Names on all assignments
5. Clean up and dismissal

Expectations - Each student will be successful this year, we are a family and team for 9-1/2 months, show each other respect, kindness, courtesy and consideration.

Grading

We will follow Kettering City Schools grading model, which is a 100 point system (see planner)
100-90 = A , 89-80 = B, 79-70 = C, 69-60 = D, 59-0 = F
- Bell work = 10 points
- Daily Assignments and Formative Assessments = 20 points
- Projects and Units/Summative Assessments = 50-100 points

Absences - Students will be responsible to make up assignments following an excused absence. If a computer is required, students are responsible to arrange time with the instructor to complete outstanding items. (see student handbook)

Materials and Fees

- Spiral Notebooks
- Sketch Pads 8-1/2 x 11 (letter size)

$25 Career Tech Participation Fee! Please make dues payable to Kettering City Schools or make payment online. This takes care of items like field trips, Sinclair, materials, equipment and alike.

What we will examine:

Adobe Creative Suite
- Illustrator, a vector program
- Photoshop, a raster graphics based program
- InDesign, combines raster and vector based graphics in a Page Layout platform
- Photography
- Drawing, thumbnail sketching to plan and transition ideas to the computer
- Mac Computers, Research on the web
- Silk-screening
- Scanning and FILE MANAGEMENT!
- 21st Century Skills
- Employability

DON'T COUNT THE DAYS
Make The DAYS Count

KETTERING FAIRMONT HIGH SCHOOL
CAREER TECH CENTER DIGITAL DESIGN

OUR MISSION "Fairmont Digital Design prepares students for a continually growing career field in visual design and imaging by providing state of the art equipment and working knowledge of the industry standards needed for success!"

CREATE your future, while DISCOVERING your strengths

INSTRUCTOR:

Mr. Jared Parker
Digital Design Program Instructor
Kettering Fairmont High School, Career Tech

A graduate of Fairmont High School and the Digital Design Program itself, Mr. Parker offers nearly 20 years of graphic art experience and education to his students. Mr. Parker worked as a digital designer directly after receiving his diploma from FHS and knows the impact the preparation at Fairmont had on his career and education. The Fairmont Program enabled Mr. Parker to be the first member of his family to graduate college. His experience as a Media Department Manager leaves him versed in a number of digital medias from print to animation, his coordination on various marketing committees and sales teams, allows a knowledge to transition a clients ideas to reality.

www.fairmontdigitaldesign.com houses course curriculum, standards, lesson delivery, connecting assignments, daily agenda and the alike.

Courses of Emphasis

Visual Design Primer - Subject Code: 340310 **Junior / Senior (Reinforcement) and Basic Computer Graphics (Condensed for timing and content)**
Visual design takes the form of charts, drawings, boxes and more. In this first course for the Visual Design and Imaging pathway, students gain a perspective of symbols, typography and product output. They acquire basic knowledge of today's role of graphics in communication industries. Focusing on the consumer, students analyze products and create their own designs for critique. They learn how safety, deadlines, teamwork and ethics relate to the work.

Visual Creation - Subject Code: 340315 **Junior / Senior (Reinforcement)**
A keen eye for detail, art elements, design principles and styles of art are essential to the world of visual communications. Students learn proper composition with such principles as color theory, typography and drawing. They create designs targeted for the Internet and for two- or three-dimensional products while adhering to copyright laws and deadlines.

Digital Print Design - Subject Code:340320 **Junior (Introduction to concepts) / Senior**
Starting with understanding target audiences, demographics, product shelf life and sustainability students create designs for two- or three-dimensional products. Using workflow processes, they lay out newsletters, posters, business cards and other products. They create logo and package designs for corporate branding, marketing and advertising. Critical thinking is engaged in multiple-level critiques.

Digital Media Art - Subject Code: 340325 **Junior (Introduction to concepts) / Senior**
This course focuses on digital technology for products accessed through computers, mobile devices, game consoles, projectors, radio and TV. Students apply techniques to digitize drawing, painting and typography. They analyze the effects of single-color and multi-color output. They identify advantages and disadvantages of digital communications from philosophical, ethical, creative and commercial output perspectives. Products are critiqued for design, production quality and customer impact.

Arts and Communication Capstone - Subject Code: 340007 **SENIORS**
Students apply Arts and Communication program knowledge and skills in a more comprehensive and authentic way. Capstones are project/problem-based learning opportunities that occur both in and away from school. Under supervision of the school and through partnerships, students combine classroom learning with work experience to benefit themselves and others. These can take the form of mentorship employment, cooperative education, apprenticeships and internships.

Seniors Class of 2015

_____

Strand 1: Business Operations/21st Century Skills (Outcome 1.1. Employability Skills / Outcome 1.2. Leadership and Communications / Outcome 1.3. Business Ethics and Law / Outcome 1.4: Knowledge Management and Information Technology / Outcome 1.5. Global Environment / Outcome 1.6.
